

## Green Career Opportunities - *Green Collar Corps*

The Watershed Project's *Green Collar Corps (GCC)* student work program is made for college students looking for paid, hands-on work experience in the environmental field. GCC members gain valuable job skills and exposure to a wide variety of environmental careers by working side by side with environmental professionals, both in the field and in the office, and on personalized projects based on their own interests. In addition to these projects, GCC members participate in frequent educational trainings and team-building activities.

This is a flexible, part-time position (12-16 hours/week), designed to accommodate college courses.

### Primary Responsibilities

- Vegetation management in the field
- Assist with the construction and maintenance of rain gardens, bioswales, and other projects
- Plant nursery maintenance and cultivation
- Community outreach, volunteer recruitment and management
- Assist with K-12 educational programs
- Additional projects based on GCC member's interests possible!

(Flip the page to see Areas of Focus under *Internship Program*)

### Requirements

- High School diploma, some college level classes highly desirable
- Interest in the environmental field
- Interest and ability to engage in field work
- Good communication skills, Spanish speaking a big plus
- Ability to work both on a team and independently
- Flexible, enthusiastic, self-directed, and dependable

### To apply

If this sounds like a good fit for you, please email your resume and cover letter detailing your interests, skills, and experience to Juliana Gonzalez at [juliana@thewatershedproject.org](mailto:juliana@thewatershedproject.org) with the subject line "TWP Green Collar Corps".
